## A YOUNG COMMUNIST'S PLEDGE

I, \_\_\_\_\_ am devoted to the Young Communist League of South African (YCLSA) as a communist youth organisation devoted to the interest of all young people and the struggle for Communism.

I will try to develop communist, working class political and moral convictions and fight for the rights of the people and youth.

I will learn to work and struggle together with other YCLSA members collectively, to reject the abuse of drugs and alcohol, to fight for equality of all young people against racism and discrimination

I want to become a communist. I will learn to struggle through studying Marxism-Leninism and active participation in day to day struggles of the working people and youth for a better life.

I will promote socialism, recreational and cultural activities among young people.

I will strive to understand and promote that the working class is the only class capable of leading the people against capitalists to socialism.

As a member of the YCLSA, I recognise the South African Communist party as the political party of socialism in our country and that the YCLSA enjoys political and ideological guidance from the Communist Party.

As a Young Communist, I will promote the unity of young people of our country with the people and youth of all countries.

For all these reasons, I pledge to be a member of the Young Communist League of South Africa. I will do everything in my power to build and serve the YCLSA.

I pledge myself to the Young Communist League of South Africa
